light bulbs, fittings and electronic sequencer

148,6 X 294,6 X 25,4 cm

## **Tim Noble & Sue Webster**

T. Noble, born in Strout, England, 1966

S. Webster; born in Leicester, England, 1967

They live and work in London

Tim Noble and Sue Webster's work explores the toxic influences of consumer culture, the mechanics of the media and advertising industries and the notion of the young British artist as celebrity. Noble and Webster employ a wide variety of visual styles, combining and confusing the spectacular and the mundane. The affirmative "YE\$" sign (2001) presents the familiar dollar symbol in a bright display of shimmering lights flickering on and off before the viewer.
